Julia Paxton

jcarodesigns@gmail.com

Experienced in creating stunning results to assist marketing departments' communication and the ability to achieve their vision. Knowledge in both graphic design and web development allows me to communicate effectively in both environments and collaborate with others to create superior client results. Strong interpersonal communication and analytical skills further my ability to achieve desired outcomes.

EXPERIENCE

Accruent
Web Developer
April 2019- Present

Full time contractor hired to help Accruent repair and maintain their current website, as well as, was on the design and development team for their new company website. Developed skills in Drupal and further expertise in project management and multi-tasking. I worked closely with PMs nationally to help develop and design their vision for their products.
